EDGEWATER ELEVATES FOUNDATION

Find the right way to connect with the Foundation

Explore opportunities in STEM education, technology skills, workforce development, partnerships, and stronger communities.

START HERE: WHICH PATH BEST DESCRIBES YOU?

Use the guide below to identify your next step.

INDIVIDUALS

Explore technology skills, certifications, digital literacy, and STEM career pathways.

NEXT STEP: Identify the skills you want to build.

EDUCATORS + COMMUNITY ORGANIZATIONS

Explore ways to expand STEM learning, workforce programming, and community access.

NEXT STEP: Define the audience or community you serve.

NONPROFITS

Learn about grantmaking, network cultivation, capacity-building support, and collaboration.

NEXT STEP: Share your mission and organizational need.

BUSINESS + STRATEGIC PARTNERS

Explore opportunities to collaborate, contribute expertise, and expand community impact.

NEXT STEP: Describe the partnership you want to explore.

IMPACT AT A GLANCE

$2M+

IN CHARITABLE GRANTS AWARDED SINCE 2022

Supporting technology instruction, STEM learning, career pathways, and access for youth and young adults.

SINCE 2023

ANNUAL NETWORK CULTIVATION

In-person experiences help grantee leaders build relationships and identify opportunities for collaboration.

SINCE 2024

CAPACITY-BUILDING SUPPORT

Grantees have strengthened evaluation practices, learning systems, and prospects for program scalability.

PROGRAMS AND INITIATIVES SUPPORTED

- **Technology and credential training:** CompTIA, HIMSS, IC3 Digital Literacy, Google IT, Blockchain, and Internet of Things.
- **Community and youth learning:** STEM education, digital skills, student professional development, engineering experiences, and career pathways.
- **Organizational support:** Program evaluation, learning management systems, network cultivation, and workforce-program scalability.

YOUR NEXT STEP

Tell us who you are, where you are, and what you want to accomplish

The Edgewater Elevates Foundation can use that information to connect you with relevant programs, resources, and partnership conversations.
